THEPEOPLE'S PAPER

-THE-

SALT LAKE DAILY HERALD

The Herald enters upon the new year with better hopes and brighter prospects than it ever before enjoyed. The remarkable success of the paper in the past, as manifested by its large and steadily growing subscription list, its increasing advertising patronage and the expressions of goodwill towards the journal which creet us from all quarters, convinces the publishers that they are doing what they set out to do—namely, farmish a newspaper that the people would like, and therefore support. The Herald, as in the past, will be the people's paper. Independent in a political sense, it will always be found on the side of the people, outspoken on questions affecting the rights of the masses; battling for local self-government and the largest liberty to individuals consistent with public good; laboring for a pure, honest and economic administration of government; treating public matters dispassionately and employing language calculated to enlighten the reason of men, rather than influence their passions, ately and employing language calculated to enlighten the reason of men, rather than influence their passions, and working for peace and the development of the resources of the territory, instead of trying to create strife and retard progress. With our increased facilities for gathering news, both by telegraph and mail, the employment of a larger number of orployment of a larger number of cor-respondents in different sections of the country, and the better arrange-ment of all the many details of the establishment, we confidently promise to make the Salt Lake Dally HERALD a better paper than ever.

SALT LAKE

This valuable and popular edition of the Herald will continue to make its appearance twice a week during the year, and the same degree of progress and improvement that marks the Daily will be seen in its columns. No better newspaper can be found in the west for those people who are not blessed with daily mail facilities, than the SEMI-WEEKLY HERALD. It contains all the news, domestic and foreign, in a condensed and readable form. The design has been to make it combine the distinguishing characteristics of a commercial and home journal, and we believe that this has been successfully carried out. The SEMI-WEEKLY has certainly met with unexpectedly

The SEMI-WEEKLY has certainly met with unexpectedly high favor at the hands of the people. It is proposed to make it even more popular than in the past by reducing the price to \$3.50 per annum, making it the cheapest semi-weekly paper in the west. The reduction in price does not imply a lessening of the quantity of matter published. Its columns will continue full of news and choice literature.

SALT LAKE WEEKLY HERALD.

About the 1st of March, we will begin the publication of a Weekly Edition of the HERALD. The demand for such a paper has been very pressing during he past two or three years. The aim of the publishers will be to furnish a paper for those people who live off the main lines of travel and who are not accommodated with mail service oftener than once a week; to provide a newspaper for those who have only one day a week of leieure to devote to the pleasant and profitable employment of reading; to supply a suitable edition of the HERALD for sending abroad—a paper that shall faithfully and hopestly represent this great and growing territory, with its many and important industries and its thrifty, enterprising people; to make a paper for the home circle and family freeside, one that shall contain

mechanic, the success and the house hold generally, and an important feature of its columns will be the well-chosen, entertaining and moral literature, also reports of the Taber-nacle discourses. Nothing will be ad-mitted to its columns that has not first been carefully prepared and revised. The price will be only \$2 a year, a figure unprecedentedly low for a far west newspaper. We confidently predict for the WEEKLY HERALD one of the greatest successes, and the efforts of the publishers shall be to make the paper merit the popu-larity that it cannot fail to attain.

It impores a fine of not more than \$500 and not more than five years imprisonment spon every person who is the husband or a wife living, and who breafter marries another, and declares that any man who marries more than one woman, is guilty of bigamy. This provision does not extend to any person by reason of any former marriage, whose husband or wife, by such marriage, is absent for five successive years and is not known to be living nor to ary person whose lawful marriage has been dissolved by the decree of a competent court. It provides that in any case of prosecution for bigamy any person drawn as a juryman may be challenged if he is, or has been living in the practice of bigamy or polygamy, or if he believes it morally, religiously or legally right for men to have more than one woman. It also authorizes the President to grant amnesty to offendees against the law for offences committee before January II, 1879, on such conditions and under such limitations as he shall think proper, but no such annestly shall have effect unless the conditions thereof shall have been complied with.
